

WBX815-XXX

Cover (open)

Top/ Exit

ST adaptors

Recommended mounting points

Bottom/ Entry

20mm Gland

Optional 20mm gland mounting

Cover (closed)

1/4 Turn screws

The diagram illustrates the WBX815-XXX device in two states: 'Cover (open)' and 'Cover (closed)'. In the 'Cover (open)' state, the device is shown from a top-down perspective, revealing its internal components. A 'Top/ Exit' port is located at the top, and a 'Bottom/ Entry' port is at the bottom. The device features 'ST adaptors' and 'Recommended mounting points' for installation. Two mounting options are shown for the bottom port: a '20mm Gland' and an 'Optional 20mm gland mounting'. In the 'Cover (closed)' state, the device is shown from a side perspective, highlighting the '1/4 Turn screws' used to secure the cover.

The diagram illustrates the top and bottom views of the device. The top view shows four ST adaptors on the left and an optional 20mm gland mounting and a 20mm Gland on the right. The bottom view shows a 20mm Gland on the left and an optional 20mm gland mounting on the right.
